

PAMELA J. SCHREINER, Ph.D.

Division of Epidemiology and Community Health
School of Public Health, University of Minnesota
1300 South Second Street, Suite 300
Minneapolis, MN 55454
(612) 626-9097
schre012@umn.edu

CURRICULUM VITAE

EDUCATION

- B.S. 1973-1977 Syracuse University, Syracuse, New York
Major (dual major) Biology/French Language and Culture
- M.S. 1978-1982 Iowa State University, Ames, Iowa
Major Molecular, Cellular, and Developmental Biology
Thesis Ultrastructural Studies on Ten-Nanometer Filaments of Striated Muscle
- M.S. 1982-1987 Iowa State University, Ames, Iowa
Major Biomedical Engineering
Thesis Interactions of Lipoprotein-derived Cholesterol with Biomaterials during Short-term *In Vitro* Circulation
- Ph.D. 1988-1992 University of North Carolina at Chapel Hill, Chapel Hill, North Carolina
Major Epidemiology
Thesis Lipoprotein[a] as a Risk Factor for Carotid Atherosclerosis and Cerebrovascular Disease in a Population-based Cohort

WORK EXPERIENCE

- 1975-1977 Laboratory assistant to anesthesia technician, Upstate Medical Center, Department of Anesthesia, Syracuse, New York.
- 1979-1981 Research Assistant, Iowa State University (Animal Science).
- 1981, 1978-1979 Teaching Assistant, Iowa State University.
- 1982-1986 Research Assistant, Iowa State University (Biomedical Engineering).
- 1987-1988 Senior Electron Microscopy Technician, Analytical Electron Microscopy Lab, Duke University.
- 1990 Free-lance computer graphics & technical editing for Autodesign, Inc. and Quintiles, Inc. for laboratory inventory and purchasing.

1988-1990	Health Services Research Analyst, VA Medical Center, Durham, NC.
1990-1992	Research Assistant, The ARIC Study, UNC, Chapel Hill, NC.
1992-1994	Cardiovascular disease epidemiology post-doctoral fellow, University of North Carolina at Chapel Hill. Funded by the National Heart, Lung and Blood Institute (NHLBI).
1993	Visiting Scientist, National Public Health Institute, Helsinki, Finland. Funded through the Finnish Academy for ARIC/MONICA collaborative research with Dr. Veikko Salomaa.
1994-1999	Tenure-track assistant professor, Division of Epidemiology, University of Minnesota.
1999-2006	Associate professor with tenure, Division of Epidemiology, University of Minnesota.
2001-2004	Chair, Epidemiology MPH major
2006-2009	Director of Graduate Studies, Division of Epidemiology, University of Minnesota
2006-present	Professor with tenure, Division of Epidemiology, University of Minnesota.
2011-present	Program Director, Epidemiology MPH Major, Division of Epidemiology & Community Health
2013-present	Director, Center to Study Human Animal Relationships and Environments (CENSHARE)

ONGOING RESEARCH SUPPORT

NIH/NHLBI N01 HC48048 (Schreiner) 07/01/13-06/30/18
Coronary Artery Risk Development in Young Adults (CARDIA) – Field Center - Renewal
 For the next five years, we propose to conduct a Year 30 exam (Y30), by which time the cohort will be 48-60 years old; to continue semi-annual telephone contacts; to broaden our disease event surveillance from CVD-related to include investigation of all hospitalizations, to enhance our platform for ancillary studies during the funding period.

NIH (Schreiner) 04/01/10-03/31/14
 Subcontract to Wake Forest University
Longitudinal Changes in Pericardial Adiposity & Subclinical Atherosclerosis
 Ancillary study to the Year 25 CARDIA study, will add to the core abdominal CT exam to capture pericardial fat and coronary artery calcification.
 Role: Local Principal Investigator

NIH/NIDDK 1 R01 DK084997-01A1 (Schreiner) 09/15/10-08/31/15
 Subcontract to Kaiser Permanente
Adult Life Predictors of Genitourinary Disorders

Ancillary study to the Year 25 CARDIA Study exam to investigate how genitourinary disorders (male and female) were related to various CVD risk factors.

Role: Local Principal Investigator

Minnesota Medical Foundation CON0000000027294 (Schreiner) 07/01/10-07/31/13
Pet Ownership, Cardiovascular Risk Factors, and Subclinical Disease

To link questionnaire data from self-reported pet ownership to CARDIA risk factor data as part of Year 25 CARDIA exam in Minneapolis.

Special Honors and Awards

- Chartered member, Cardiovascular and Sleep Epidemiology Study Section, NIH, 2006-2010
- Semester leave, Fall 2004. Leave was granted to pursue research into the perimenopausal transition
- Fellow, American Heart Association, 2001
- Delta Omega, Pi chapter, 2000
- Visiting Scientist, Karolinska Institute, Stockholm Sweden, September 1998
- Finalist for Young Investigators' Award, 3rd International Conference on Preventive Cardiology, Oslo, Norway, 27 June-1 July 1993
- NHLBI Postdoctoral Traineeship, 1992-1994
- Health Services Research and Development Field Predoctoral Traineeship, 1990-1992
- U. S. Public Health Service Traineeship Award, 1988-1990: all tuition and fees
- Honors Program, Syracuse University, 1973-1975
- National Honor Society, 1971-1973

Demographics and correlates of five-year change in echocardiographic left ventricular mass in young adults: The CARDIA Study. Oral presentation at San Francisco Cardiovascular Health Conference: Coming Together for the 21st Century.

18. Rock CL, AR Kristal, RE Patterson, M Neuhouser, D Neumark-Sztainer, PJ Schreiner, L Cheskin and MD Thornquist. 1998. Determinants of serum carotenoids and fat-soluble vitamins: Baseline results from the sentinel site of the Olestra post-marketing surveillance study. Annual meetings of the Society for Experimental Biology and Medicine, San Francisco.
19. Schreiner PJ. 1999. Design and implementation of the SHOW trial Grand Rounds, Hennepin County Medical Center.
20. Juhaeri JS, LE Chambless, HA Tyroler, W Rosamond, FJ Nieto, D Arnett, D Jones and PJ Schreiner. 1999. Associations between weight change and hypertension in a bi-ethnic cohort: The ARIC Study. Oral presentation at North American Association for the Study of Obesity Annual Meeting, University of North Carolina - Chapel Hill, Charleston SC.
21. Schreiner PJ. 2004. Longitudinal trends in LDL-cholesterol: The CARDIA Study. Invited presentation at Kaiser Permanente, Oakland, CA.
22. Schreiner PJ. 2004. Optimal LDL-cholesterol levels based on the National Cholesterol Education Program (NCEP) Adult Treatment Panel III in women approaching the perimenopause: The CARDIA Study. Women's Health Research Conference, National Center of Excellence in Women's Health, University of Minnesota.
23. Schreiner PJ and M Cushman. 2005. Ethnic differences in self-reported menstrual status among middle-aged women: The Multi-ethnic Study of Atherosclerosis (MESA). Poster presentation at the North American Menopause Society 2005 meeting.
24. Schreiner PJ, M Fornage, E Boerwinkle, M Daviglus, D Siscovick and C Loria. 2006. Fatty acid binding protein 2 polymorphism and dietary fat intake affect lipid levels: The CARDIA Study. Poster presentation at the American Heart Association 46th Annual Conference, Council on Epidemiology and Prevention.
25. Golden SH, M Lazo, HB Lee, A Bertoni, M Carnethon, A Diez Roux, PJ Schreiner and C Lyketsos. 2007. Treated diabetes is associated with incident depression: The Multi-Ethnic Study of Atherosclerosis. Poster presentation at the American Diabetes Association 67th Scientific Sessions, Chicago, IL.
26. Michos ED, D Vaidya, SM Gapstur, PJ Schreiner, SH Golden, ND Wong, MH Criqui and P Ouyang. 2007. Sex hormone binding globulin level is inversely associated with presence and severity of abdominal aortic calcification in women but not men in the Multi-Ethnic Study of Atherosclerosis. National Heart, Lung and Blood Institute Cardiovascular Epidemiology/Biostatistics and Behavioral Medicine Trainee Session. February, 2007.
27. Schreiner PJ, DR Jacobs Jr, ND Wong, SB Hulley and CI Kiefe. 2007. 20-year secular trends in LDL-cholesterol in CARDIA. Down after accounting for weight gain. American Heart Association 47th Annual Conference on Cardiovascular Disease Epidemiology and Prevention and the Council on Nutrition, Physical Activity, and Metabolism. Poster presentation.
28. Schreiner PJ, DR Jacobs, Jr., ND Wong and CI Kiefe. 2009. Twenty-year trends in HDL cholesterol and modifiable risk factors: The CARDIA Study. American Heart Association 49th Cardiovascular Disease Epidemiology and Prevention Annual Conference 2009. Palm Harbor, FL.

29. Green D, Tracy R, Schreiner PJ, Jenny N, Liu K, Kang J, Chan C. 2009. Longitudinal assessment of fibrinogen in relation to subclinical cardiovascular disease: The CARDIA Study. XXII Congress of the International Society of Thrombosis and Haemostasis, Boston, MA.
